

Billings Graduates Race 101 Program in North Carolina; Focus is on 2011

Craig Revelle – Finish Line Web Design

January 20, 2011

An exciting, fast paced 2010 racing season came to an end on Saturday as Matt Billings, and the 14 other students of the Race 101 program graduated. Billings traveled to North Carolina for the final time as part of the Race 101 group to attend the ceremonies.

Over the course of the year, Billings learned a tremendous amount from the technical side of the sport, as well as the importance of handling himself off the track with marketing and communications courses to better assist him with the public relations aspect of the sport.

“The information that I obtained from the Race 101 program this year has been invaluable. Working with Tony, Adam, Anna Marie, and all the Race 101 staff has been a great experience for me”, says Billings. “Congratulations to all of the other graduates, and good luck to the 15 new participants of Race 101 for 2011”.

With 2010 now in the rear view mirror, Billings will now begin to focus on the upcoming season, as they have just recently purchases a new Bicknell chassis. Plans are still up in the air as for where and when they will be racing this season, with the exception of Brockville Speedway on Saturday nights.

Billings Motorsports would like to thank all of the sponsors for a very exciting 2010 racing season. Billings Automotive, Stealth Racewear, Race 101, Turn One High Performance Steering Systems, Pastime Motors, Babe Design, Finish Line Web Design, Carquest and Enders Racing Engines have been an integral part of the team’s success in 2010, and they look forward to working with you again in 2011.
